PROSPECTUS

2024-2025

History of Dhamdhama Anchalik College

Dhamdhama Anchalik College, established in the year 1988 at the initiative of the enthusiastic people of the locality was a long cherished dream of the people of this remote area. Dhamdhama Anchalik College has successfully completed 25 years of its glorious existence and has been provincialised under Higher Education of Government of Assam from January, 2021. Since its inception, the institution is imparting Higher Education to the economically backward classes of this locality, especially belonging to SC and ST communities. The college has greatly contributed to the academic and cultural atmosphere of the locality by its consistent effort and performance. The untiring effort of the dedicated teachers and the Management has turned the College into a leading institution of Nalbari District.

Location:

The College is situated on the bank of rivulet Cheng, beside the weekly market of Dhamdhama. The rivulet, Cheng, a tributary of river Burhadia, has surrounded three quarters of the area of the college. The college is situated almost 13 kilometers away from the district head quarter of Nalbari District, hardly 200 meters away from Dhamdhama Bus Stand and easily approachable from all sides.

Objectives

1. To provide better education and training for qualitative development of human resources.
2. To guide the students to develop total personality and to motivate them to involve in social and community welfare.
3. To encourage the students to participate in co-curricular activities and to expose their individual potentialities.
4. To impart higher education to the students of the greater Dhamdhama area through the modern method and skill of education.

Vision

To make all round development of the students through qualitative, co-operative, modernized skill based and holistic education up to the highest standard making them socially responsible and to turn the college as one of the leading centers of excellence.

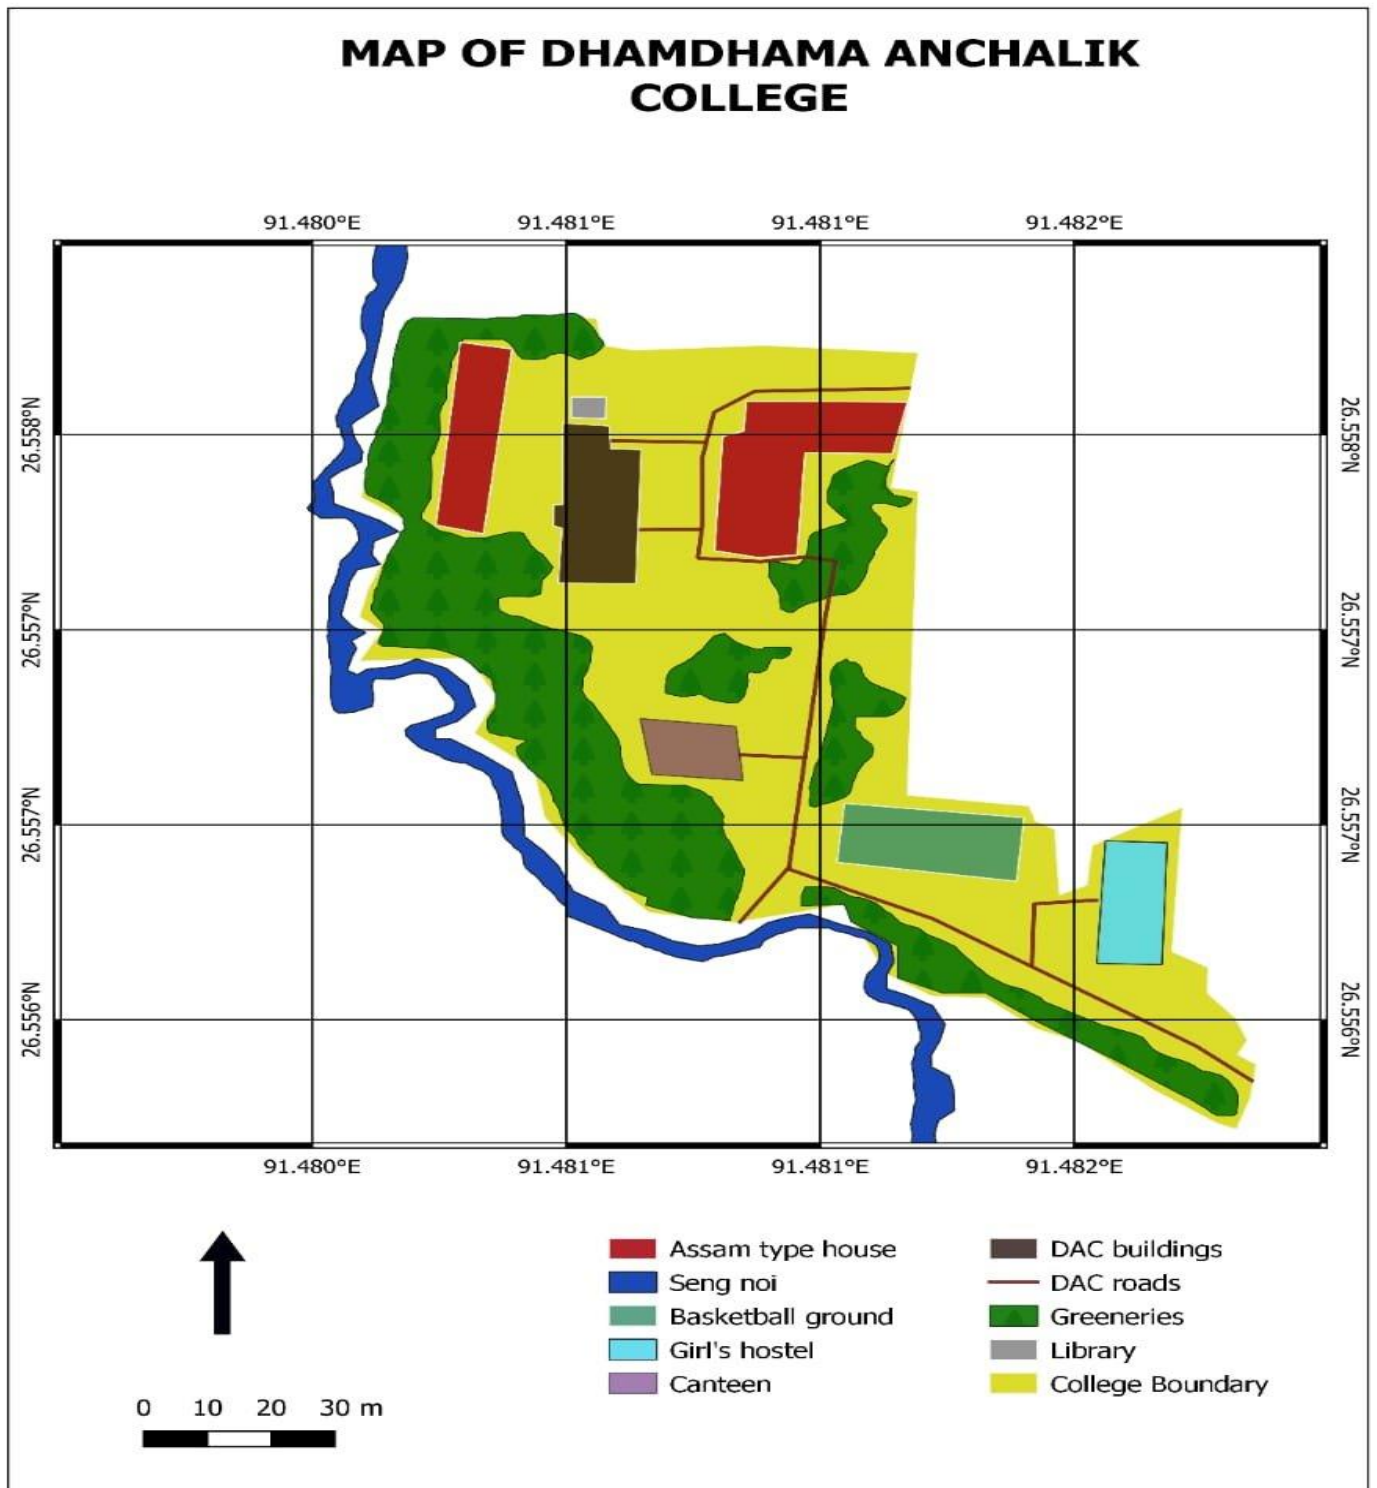

Mission

- To prepare the students to become academically excellent so that they may compete in the practical world.
 - To impart knowledge and skill to the students in a joyful atmosphere.
- To develop social consciousness among the students for the transformation of society and prepares them to be a worthy member of the society.
 - To maintain a friendly and helpful atmosphere with an insistence on serious and sustained study.
 - College provides an easy access of higher education to the economically and socially deprived communities of the larger locality.
- To make the students to be respectful and unifying in character towards the culturally diversified character of this locality.

- To make the students ethically strong to become a good human being.

Motto

The motto of the College is “ $\text{À} \diamond, \text{Ù} \diamond \text{É} \text{Ö} \ddot{\text{y}} \text{Ú} \text{Á} \text{Ã}^a, \diamond \ddot{\text{y}}$ ” Which means “From the darkness, lead me to light.”
It is from the Shanthi Mantra from the Brihadaranyaka Upanishad.

4. Assamese traditional dress code for girls: Brown *Mekhela*, brown (dark coffee) *kameez* and white *chadar*.

Courses of Study (Arts):

Four-year Undergraduate Programme:

The Four-Year Undergraduate Programme (FYUGP) of Gauhati University is as per UGC’s Curricular Framework, published in November 2022. The course structure of FYUGP is built on the Choice-Based Credit System (CBCS). Though,

the FYUGP is basically a CBCS, it is radically different from the courses running under CBCS. Namely, it does not differentiate between so-called Honours and Pass courses existing under CBCS. Basically, the FYUGP is based on the system of education under Liberal Arts.

Salient features

Bachelor's Course under the FYUGP of NEP is different in the following ways-

- **Duration**

Under the NEP's FYUGP; it is a 4-year degree programme.

- **Exits & Entries**

In the FYUGP, one has choice to exit from the programme thrice – after one year, after two years, and after three years. If one exits the programme after one year, one gets a certificate. If one exits after two years, one gets a diploma. If one exits after three years, one gets a Bachelor's Degree. And finally if a student completes the whole 4-year, one gets a Bachelor's Degree (Honours).

- **Honours and Major**

In FYUGP, we get a Bachelor's Degree with Major after 3 years and a degree with Major & Honours after 4 year.

- **Progression**

If a student exits the FYUGP after 3 years, s/he will need to take admission into the first year of a Master's programme, which is a 2-year degree programme. However, if a student fully completes an FYUGP, s/he needs to take admission into the second year of a Master's programme and needs to complete only one year to get a Master's Degree. Under CBCS, there were no such pathways.

- **Progression to Doctoral Studies**

Once a student takes admission into a Master's programme either after 3 years of the Bachelor's programme or after FYUGP, one will be able to take admission into a Doctoral programme leading to the Degree of PhD. However, if a student is exceptionally good, one can directly take admission into a Doctoral programme right after the FYUGP, bypassing the Master's programme.

- **First Year (Semester I & II)**

In the first year, one studies three different core subjects – one paper of each subjects per semester. Besides, one needs to study a host of common subjects that have designed as per UGC's Curricular Framework.

- **Second Year (Semester III & IV)**

- **Semester III**

In the third semester, one will usually continue with the same core subjects that have already been chosen in the first year and again study some common subjects. In the third semester, one will also take a step forward to study the favorite subject by declaring one of the core subjects as a Major subject and other two as Minors. However, the structure of the programme remains same as in first & second semesters.

N.B. - *If you would like to change a Minor subjects in the third semester, you can change with the following limitations:*

- 1. You will be able to change a subject, provided the new subject can accommodate you. This can be a problem with science subjects as they need to ensure laboratory space for each student.*
- 2. Besides, as you have already abandoned the first year time studying a subject which you no longer want to continue, you will need to use your open core credits to compensate for the new subject.*

- **Semester IV**

From Semester IV onwards, one will primarily study the Major subject by taking at least four papers, some of which may be elective depending on the subject concerned.

As the programme structure in the third semester is same as the first & second semesters, one will have the option of changing the Major in fourth semester to any one of the other two Minors as well, even if one has already declared a Major in the third semester. However this has the condition that the new

Major subject of choice has vacancy.

- **Third Year**

In the third year, one will continue to study the Major subject to complete a full set of 15 papers in Majors.

- **Fourth Year**

If one intends to progress to the fourth year, s/he will be devoting the time in studying advanced courses which will be at the level of initial Master's degree papers. Besides, one will also have the opportunity of engaging into research work with the faculty members.

Besides the above, there are some more unique features of the FYUGP. They are

- **Open Core Credits**

From fourth to sixth semester, one will have time for 4 optional open core credits per semester, which one can utilize to study either of the Major or two Minors. They can also come handy, if one had changed a Minor subject in between.

- **Double Major**

If a student is ready to do some more hard work, s/he can take some extra online courses (from designated sources only) related to the Minors and can then convert one of the Minors to a second Major by the time one completes 3 / 4 years of study. This is over and above the first Major. In this case, one will have a Bachelor's Degree with Double Major.

FYUGP Degrees & Course Structures

The FYUGP at GU is designed to offer two types of Bachelor's Degrees to the students at the end of the successful completion of the programme — (i) Bachelor's Degree in a Stream and (ii) Bachelor's Degree in a Discipline. The word stream here refers to Arts, Science, Commerce, and Management. In case of a degree in a stream, the student studies a multitude of different subjects, usually mixing different disciplines, which leads to a truly multidisciplinary degree. While in case of a degree in a discipline, the student is confined to a certain sets of disciplines. However, in both cases, the student studies equal number of courses (i.e. papers) — so there is no weightage of any kind to either of the two types of degrees.

For both the types of degree programmes, course-wise, the whole FYUGP is divided into two parts — (i) Core Courses and (ii) Common Courses. The minimum credit allocation for a 3-year programme is 84 credits in Core Courses and 36 credits in Common Courses, which comes to a total of minimum 120 credits for a 3-year programme. With the fourth year, the minimum credit requirement becomes 160. A student can however earn up to a maximum of 132 credits in a 3-year programme and 176 by the fourth year.

Core Courses

The Core Courses determine the ultimate degree, diploma, or certificate a student will earn at the end of third (or fourth) year, second year, or first year, respectively. The performance in the Core Courses will also determine the grade of the student in the final examinations. Total minimum credit requirement is 84 for the Core Courses, which translates to 21 courses (i.e. papers) with a credit allocation of 4 per course (paper). A student will need to study at least three Core subjects. The Core Courses have to be chosen among a plethora of subjects offered (see the section on Subject Details) for both the types of degrees, respectively. In case of a Bachelor's Degree in a Stream, the components of the Core Courses are Major and / or Minors, while in case of a Bachelor's Degree in a Discipline, there are no Majors and Minors.

Major and Minors

In case of a Bachelor's Degree in a Stream, a student either chooses a Major and Minors or just Minors from among the subjects. In any case, a student needs to complete 21 courses or 84 credits by the third year. Please see the examples that we have given in this booklet. A Major course **MUST** carry a minimum credit of 60 and a Minor course should carry a minimum credit of 12. Usually, for majority of the students, the Core Course will consist of one Major and two Minors.

Common courses

The common courses are to be studied by all students alike and all-together they carry total credits of 36 over a 3-year period. These courses are further divided into five (5) subcategories, as described below-

- **Multi-disciplinary Courses**

These are 3-credit courses spanning over five different groups of subjects — (i) Natural and Physics Science, (ii) Mathematics, Statistics, and Computer Applications, (iii) Library, Information, and Media Sciences, (iv) Commerce and Management, and (v) Humanities and Social Sciences. The levels of these courses are of Class XII. Each student need to take at any three papers, each with 3-credits from these five sub-groups during Semesters 1-3.

N.B. - A student CANNOT choose a multidisciplinary subject, if s/he has already studied that subject during Class XI-XII. Also the subject of these courses MUST not be among the Core Subjects the student has already chosen.

- **Ability Enhancement Courses (AEC)**

This is an 8-credit course covering Modern Indian Languages (MIL) and English Usage (Communication).

Each student needs to complete two papers of 4-credits each – one from English Usage and other from the group of MIL, especially designed for this purpose. Both these courses are further divided into two 2-credit courses each. The English Communication course is to be completed during Semesters 1-2 and the MIL course is to be completed during Semesters 5-6.

- **Skill Enhancement Courses (SEC)**

These are various skill courses with total credit allocation of 9. All students need to complete three skill courses, each with 3 credits during Semesters 1-3.

- **Value Added Courses (VAC)**

The VAC courses will come from four sub groups — (i) Understanding India, (ii) Environmental Science, (iii) Digital and Technological Solutions, and (iv) Health & Wellness, Yoga Education, Sports, and Fitness. All together they will have a credit allocation of 6. Each student will have to take any three courses, each of 2-credit, from any three groups during Semesters 1, 2, & 4. Here one course from the Environmental Science group is compulsory except if the student takes a core course on Environmental Science.

- **Internship**

All students are to carry out an Internship with a credit allocation of 4. The internship can be carried out in any semester during Semesters 3-6. As internships are meant to be done during semester breaks, they will not interfere with other classes.

Department Profile:

Department of Assamese:

Assamese department is one of the most prior departments of Dhamdhama Anchalik College. At present; there are five faculty members in this department. This department has been working relentlessly for the welfare of the students in the beginning. Assamese as a subject is opened, when college is incepted in 1989. But relevant permission to start the Major classes was received by Gauhati University in 2007. Our main aim is to establish a satisfactory place of Assamese language and literature in the

globalised scenario. We started our department with a few students and with the tireless efforts of everyone we are able to reach thousands of students. Classes, we provide extra tutorial classes, organise group study group work etc. Along with this, under the guidance of departmental teachers, a hand written magazine "*BALICHANDA*", a wall magazine "*BIPONCHI*" is being published annually. Besides all this, Assamese department has been organizing departmental seminars, poem recitation programme, book review programme etc. To encourage the students we created 'Students Welfare Unit' and 'Literary Forum' to enrich their intellectuality and creativity.

Now with the aim of making each and every student a better learner and a responsible citizen; along with the regular

Vision

Our departmental priority is to make real human resources by improving the understanding knowledge and skills so that every student will shine by their linguistic and socio-cultural responsibilities.

Mission

- To introduce the students about the rich heritage of Assamese language, literature and culture.
- Popularization of Assamese language, literature and culture.
- To highlight Assamese culture and its social practices.
- Environing satisfactory place of Assamese language and literature in the globalized scenario.
- To create an educational environment in which students can attain a variety of goals.

Department of Bodo:

ABOUT:

Bodo (ꯀꯂꯃꯅ) also called Boro (ꯀꯂ), is a Sino-Tibetan language, primarily spoken by the Boro people of North-east India, Nepal and Bengal; basically BTR region and some corners of different districts of Assam. It is the official language of the Bodoland autonomous region and a co-official language of the state of Assam in India. It is also a language one of listed in the Eighth Schedule of the Constitution of India. Since 1975 the language had been written using the Devanagari script. It was formerly written using Latin and Bengali or Assamese scripts. Some scholars have suggested that the language has to use its own script known as Deodhai but presently it is completely destructed.

Bodo literature developed when the native speakers became conscious of the significance of their own culture. The religious and social reform movement led by Gurudev Kalicharan Brahma, in the first decade of the last century, created awareness among the people. The first Bodo magazine, Bibar, was published in 1920. Since that period, the Bodo literature has been developing thoroughly.

The Bodo department of Dhamdhama Anchalik College has been established to fulfill the demand of the students and the area itself, as a large number of students belong to Bodo Community. The department was established in the year 2004. The college received permission from G.U. for a general course in 2007. Since 2005 the department has been offering both major and general courses. Permission for both major and Elective Bodo was received in 2013. Since its inception, the department has been endeavoring to make the students fit in the wide spectrum of demands of the present time, providing knowledge regarding language, literature and culture. The department gains the place of pride as it has been producing first-class holders consistently. The department also produces a Wall Magazine "THUNLAI BIDAM" (Tissue of Literature) to vent the creative ability of the students. The college could be able to receive the Govt. Concurrence for Bodo (MIL) course in 2009.

VISION

The department will take necessary steps, concerns with the excellent performance for the students in near future in connection with workshop, seminar and drama playing. Such actions will be taken once a week in the coming days. The department faculty members will observe the distinctive interest of the students. After observing them, students will be motivated through their fascinated ways. Morality is an essential part of human society though it is not included in the syllabus of different semesters. So, our efforts, that every kind positive direction of the literature will be stressed to utilize students' practical life through the proper systems of the society. The exertion is regarded as morality, it will continue in favor of the students through the department.

MISSION

The Bodo Department has been following the syllabus of Gauhati University (GU) since its inception. To provide, better education and training for the qualitative development of human resources is the basic goal. “ꯀꯃ ꯁꯩꯂꯩꯃꯩꯃꯩ ꯁꯩꯂꯩꯃꯩꯃꯩ ꯁꯩꯂꯩꯃꯩꯃꯩ ꯁꯩꯂꯩꯃꯩꯃꯩ” (Modern Environment Will Create In Bodo Literature) is our motto. The faculty members of the department have been working industriously each and every day to make efficient students. The department encourages creating different genres of literature for the students as well as cultural activities. The foremost procedure of the department is to make perfect knowledgeable students, concerned with the scheduled syllabus. It encourages the students to make strong to the strongest in their capability into the angles of Linguistic, Literature, Culture, Social and Physical. The consultation among the faculty members about the performance of daily classes is taken, which is the regular necessity action of the department.

Internal Quality Assurance Cell (IQAC):

About IQAC

In pursuance of its Action Plan for performance evaluation, assessment and accreditation and quality up-gradation of institutions of higher education, the National Assessment and Accreditation Council (NAAC), Bangalore proposes that every accredited institution should establish an Internal Quality Assurance Cell (IQAC) as a post-accreditation quality sustenance measure. Since quality enhancement is a continuous process, the IQAC will become a part of the institution's system and work towards realisation of the goals of quality enhancement and sustenance. The prime task of the IQAC is to develop a system for conscious, consistent and catalytic improvement in the overall performance of institutions. For this, during the post-accreditation period, it will channelize all efforts and measures of the institution towards promoting its holistic academic excellence.

The guidelines provided in the following pages will guide and facilitate the institution in the creation and operation of the Internal Quality Assurance Cell (IQAC). The work of the IQAC is the first step towards internalization and institutionalization of quality enhancement initiatives. Its success depends upon the sense of belongingness and participation it can inculcate in all the constituents of the institution. It will not be yet another hierarchical structure or a record-keeping exercise in the institution. It will be a facilitative and participative voluntary system/unit/organ of the institution. It has the potential to become a vehicle for ushering in quality enhancement by working out planned interventionist strategies to remove deficiencies and enhance quality like the "Quality Circles" in industries.

It is the backbone of the college. Considering this, the IQAC cell is constituted in Dhamdhama Anchalik College was established on 22nd May, 2014. In DAC, IQAC is an internal mechanism for sustenance, assurance and

enhancement of the quality culture of education in the college. Internal Quality Assurance Cell in the college in fact has been conceived as a mechanism to build and ensure a quality culture in the institution. The college IQAC is meant for planning, guiding and monitoring Quality Assurance and Quality enhancement activities of the college. It is established to channelize and systematize the efforts and measures of this institution towards academic excellence. The IQAC in the college is a driving force for ushering in quality by working out intervention strategies to remove deficiencies and enhance quality. It is the main stream of institution. It reflects the overall scenario of the institution. The internal quality of the college is assessed by this cell.

Objective:

The primary aim of IQAC:

To develop a system for conscious, consistent and catalytic action to improve the academic and administrative performance of the institution.

- To promote measures for institutional functioning towards quality enhancement through internalization of quality culture and institutionalization of best practices.

Strategies:

IQAC shall evolve mechanisms and procedures for:

- Ensuring timely, efficient and progressive performance of academic, administrative and financial tasks;
- The relevance and quality of academic and research programmes;
- Equitable access to and affordability of academic programmes for various sections of society;
- Optimization and integration of modern methods of teaching and learning;
- The credibility of evaluation procedures;
- Ensuring the adequacy, maintenance and proper allocation of support structure and services;
- Sharing of research findings and networking with other institutions in India and abroad.

Functions:

Some of the functions expected of the IQAC are:

- a) Development and application of quality benchmarks/parameters for various academic and administrative activities of the institution;
- b) Facilitating the creation of a learner-centric environment conducive to quality education and faculty maturation to adopt the required knowledge and technology for participatory teaching and learning process;
- c) Arrangement for feedback response from students, parents and other stakeholders on quality-related institutional processes;
- d) Dissemination of information on various quality parameters of higher education;
- e) Organization of inter and intra institutional workshops, seminars on quality related themes and promotion of quality circles;
- f) Documentation of the various programmes/activities leading to quality improvement;
- g) Acting as a nodal agency of the Institution for coordinating quality-related activities, including adoption and dissemination of best practices;
- h) Development and maintenance of institutional database through MIS for the purpose of maintaining / enhancing the institutional quality;
- i) Development of Quality Culture in the institution;
- j) Preparation of the Annual Quality Assurance Report (AQAR) as per guidelines and parameters of NAAC, to be submitted to NAAC.

Benefits:**IQAC will facilitate /contribute:**

- Ensure heightened level of clarity and focus in institutional functioning towards quality enhancement;
- Ensure internalization of the quality culture;
- Ensure enhancement and coordination among various activities of the institution and institutionalize all good practices;
- Provide a sound basis for decision-making to improve institutional functioning;
- Act as a dynamic system for quality changes in HEIs;
- Build an organised methodology of documentation and internal communication.
